DOOR-TO-DOOR MAIL SERVICE is wanted in Moraga, and some believe the service should be out of the Moraga Post Office, rather than from Lafayette or Orinda. Hearing Set Nov. 15 On Office Districts

Public hearing by the County Board of Supervisors on the County Planning Commission's recommendation for provision in the county zoning ordinance for administrative office districts has been continued to November 15, 10:30 a.m.

The hearing had originally been scheduled for yesterday morning, but on Tuesday Chairman H. L. Cummings announced it would be continued to November 15 because he and Supervisor Ivan T. Goyak would be absent yesterday. He explained that the board felt the importance of the matter to warrant presence of the full board.

Official continuation of the hearing was effected yesterday morning by the other three supervisors — Ray S. Taylor, W. G. Buchanan and J. Fredericksen. The proposed amendment to the zoning ordinance, if adopted, would have the immediate effect of clearing the way for action on Pacific Intermountain Express Company's rezoning application for its 10½-acre Pine Grove property in Orinda.

PIE plans to build a \$750,000 office headquarters at the site. Opposition to PIE's plans, as well as to plans for any future businesses in Orinda, which would directly serve the local populace, is registered by the Orinda Homeowners Committee of the Orinda Association.

IN THE CURRENT issue of the Orinda News, official publication of the Orinda Association, the Homeowners Committee warns: "If the people of Orinda are not vigilant and unified, this ordinance could become the device through which Pacific Intermountain Express can obtain permission to build its headquarters in the Pine Grove."

The committee statement reported that Gladys Schwatka, attorney for the association, has been conferring with Francis Vioch, planning consultant for the association, on the problem. As explained by Miss Schwatka, "the statement continued, 'the proposed ordinance to permit creation of administrative office districts presents little danger to most of the county and actually will probably be a good thing in many cases.'"

"BUT IN ORINDA, it can mean creation of a large office section at the crossroads, a development not needed for service to the community."

"The ordinance as now written states that any administrative office districts must be of sufficient size to provide for a large number of offices of a regional nature and to allow for expansion over a period of years."

"It is not intended to be applied to scattered individual parcels or to small sites, such as the Pine Grove alone."

"This means that if the Pine Grove becomes part of such an administrative office district, other property must also be included in the district."

"The central area available for such a district would include the 60 or 70 acres across the road from the Pine Grove."

ON THE OTHER HAND, PIE maintains that its office head-

quarters at the Pine Grove would be an asset to the community. This week the firm cited recent comment by Cliff May, who designed the proposed ranch-style structure for PIE.

May, designer of Sunset Magazine's offices at Menlo Park, drove through Orinda's residential areas and visited the Pine Grove site with Parkman Sawyer, PIE vice-president.

May said: "In my entire career, never have I designed anything more adaptable to the local surroundings."

"The PIE building, plus the planned landscaping, cannot but help lend dignity to the Crossroads area while blending with the more distant home architecture."

Sanitary Board Busy With Sale Of Present Site

Sale of the present property and offices of the Centray Contra Costa Sanitary District at 1822 Mt. Diablo Boulevard, Walnut Creek, to King Parker Jr. for \$57,000 may have been consummated last night at a board of directors meeting after The Sun went to press.

The district's present property has been assessed at \$62,500. Parker told directors at the October 13 meeting that he disagreed with the valuation of the building.

BOARD MEMBERS were in agreement that they were unlikely to get a better offer than Parker's \$57,000 unless some potential purchaser could be found who could utilize the building as it stood.

If the district accepted Parker's offer last night, he will pay \$1000 for a 60-day option, with occupancy within six months of the date of exercise of the option. An escape clause provides that the district can back out of the agreement at any time within 60 days of signing, in which case the \$1000 would be returned to Parker.

Potential sale of district property turned the directors' attention to acquisition of a new site.

A permit to erect an office building and parking area between Lacessie Lane and Oakland Boulevard was denied to the district by the Walnut Creek city council October 5 after the Walnut Creek Presbyterian Church had strongly objected to use of the site for business.

DISTRICT Engineer - Manager Gerri Horstkotte told directors that seven other sites were available, ranging in size from 1½ to 3½ acres and in price from \$36,000 to \$65,000.

Horstkotte said the best of these from a standpoint of zoning, location and topography was the Kazerber property, 1.65 acres just north of Walnut Creek, opposite Stan's Brick House near the golf driving range. Price would be about \$40,000. Horstkotte thought this was excessive, as are the asking prices on the other possible sites.

Rotarians See Film About Oil

Members of the Orinda Rotary Club watched a film about the oil industry Wednesday at their noon meeting at The Willows. The film, sponsored by Shell Oil Company, gave a resume of how oil was formed, its eventual discovery and development of the industry from 1850 to the present. Program chairman was Jack Buchter.

Phillips' Win Court Battle Over Property

By order of Superior Court Judge Harold Jacoby, Charles E. Phillips and his wife, Marie K. Phillips, of Orinda have succeeded in their efforts to hold on to their property in the Planned Neighborhood Business District.

Located between the Louis Stores and the Chris Ganiats parcels on the west side of Orinda Highway, the 682-acre parcel, which was purchased by the Phillips from East Bay Municipal Utility District last year for \$22,500, was involved in two recent lawsuits.

ONE WAS BY Greg H. Herz, operator of a Berkeley real estate firm, against the Phillips, attempting to force the sale of the parcel on the basis of an "option" allegedly entered into by the Phillips and Herz in October, 1954.

The other was by the Phillips' agent Herz, maintaining that the so-called "option" had been drawn by Herz and was vague and that it was not intended as an actual option agreement, and seeking to have it declared null and void.

ON OCTOBER 13 Judge Jacoby upheld the Phillips', entering judgment in their favor and denying Herz' petition.

The case had been heard without a jury. Attorney Thomas Stuart Ferguson of Orinda represented the Phillips', while attorney Edmund S. Barnett represented Herz.

Lucky Stores, Inc., Opens Large New Unit in Orinda

Lucky Stores, Inc., opens its Orinda store at 78 Moraga Highway—its newest unit—in a gala celebration today and tomorrow.

The opening of this unit, which has over 12,000 square feet of selling area, brings to 43 the number of supermarkets operated by Lucky Stores.

Arden Grauman, manager, points out that in the new store are the latest types of self-service—easy-to-deal-in refrigerated or cabinets for fresh cut, cellophane-wrapped meats, fruits and vegetables, ready-to-eat delicatessen items, dairy products, ice cream and frozen foods.

OTHER DEPARTMENTS include grocery, produce, housewares, drugs and sundries, and a wine and liquor section.

All told, Lucky's new Orinda supermarket parades an array of more than 12,500 food and houseware items.

The store is equipped with the latest in modern supermarket operation, including parking for 30 cars, according to Grauman.

THE BUILDING's exterior is composed of flagstone and concrete.

Passing through what the firm calls "magic carpet" doors, one enters the air-conditioned market, which boasts of diffused lighting, wide aisles, a warm lemon yellow color scheme and easy-running chrome shopping carts that are designed to accommodate mothers with babies or may be used exclusively for food purchases.

There are 254 lineal feet of self-service refrigerated cases containing fresh foods. From four to six carloads of food are expected to pass through the market's doors every week.

The meat and delicatessen departments require 86 feet of refrigerated cases to stock the cellophane-wrapped fresh meats and the firm's own brands of delicatessen goods and poultry and fish.

LUCKY'S FRESH meats will be cut several times daily in an air-conditioned room with the meat packaged under continuous refrigeration on the premises.

Produce refrigerated shelves extend some 46 feet, while there are another 61 feet of cases of

Members-Drive Of Association To Be Nov. 8-15

With the goal of reaching every family in Orinda, the Orinda Association has scheduled a house-to-house membership drive for the week of November 8 to 15.

Dates of the contemplated whirlwind campaign were established Monday night at a meeting of the association's membership drive committee at Orinda School auditorium.

Committee Chairman T. D. Sanford presided over the meeting, which was attended by about 20 persons.

IT WAS DECIDED that for the purposes of the drive, Orinda will be divided into some 20 areas or zones, each of which will have a zone chairman. Each zone chairman will name his assistants, so that the zone will be thoroughly canvassed.

Sanford said he expected to appoint the zone chairmen this week. The zone chairmen will attend another meeting of the membership drive committee next Monday night.

Association Vice-President Frederic A. Sawyer and Civic Affairs Committee Chairman Paul Pollacek pointed out that the drive will give all adults in the community the opportunity to join the Orinda Association and "participate fully in local affairs."

Dues for the calendar year of 1956 are \$1 per person or \$2 per family.

IN PREPARATION for the membership campaign, Association President Robert Boyle will address a letter to all Orinda households, in which he will outline the accomplishments and perspectives of the organization and will stress the activities and responsibilities of association membership.

Present plans are for telephone follow-up of families missed in the house-to-house canvass.

An innovation this year will be the issuance of membership cards, it was decided.

FOLLOWING the membership drive, election of five directors for two-year terms will be held. Bill T. Rote heads the nominating committee.

Directors to be elected will replace five whose terms are expiring the end of this year — Boyle, John Ogden, Jean Henderson, Harold Rote and John Conley.

Moraga Postal Petition Taken To Sacramento

A petition to establish rural delivery out of the Moraga Post Office is now in the Sacramento office of District Manager Robert Marshall.

Captain Harold Parker, president of the Moraga Valley Community Club, carried it there in person last Friday. Marshall will forward the petition to the San Francisco office of O. H. Fuller, regional operations manager.

ALREADY in the mill is a petition for rural delivery out of the Orinda Post Office, signed by approximately 30 new residents on Rheem Boulevard at a tract party given by builder Harold Smith October 2.

Prior to that, H. T. "Doc" Crandell, Lafayette postmaster, proposed to Marshall's office that Lafayette postal service be extended to Zander Drive and Rheem Boulevard, 1.3 miles west of Clark's Market, Moraga Center. He made the proposal after consultation with Laura Mallory, Orinda postmaster.

When a decision will be reached on which post office will do the delivering is indefinite.

A group of prominent Moragans commented on the situation this week:

TOM CARROLL: "All the land on which these houses are being built is a part of the Carroll Ranch which has been in my family for generations. Since the Moraga post office was reestablished in 1915, it has served the needs of the community without help from Orinda or Lafayette. Now that we have enough people to warrant establishing a delivery route from the Moraga post office, let us work together and get it going."

Mrs. Parlee Sanders, president of the Moraga Mothers Club and wife of a prominent rancher: "Although the people in this subdivision have previously petitioned for extension of Orinda delivery to their homes, all those I have talked to would be just as well satisfied if delivery could be established from Moraga. And all the people of Moraga would be benefitted instead of just a few new arrivals."

Mrs. Elinor Dickenson, postmaster: "If a delivery route from Moraga is established as requested in a petition now being investigated by the Post Office Department, I am sure that no one will have cause to complain about the service."

Captain Parker: "The establishment of postal delivery service from Moraga will be a great step toward the integration of the Moraga Valley in accordance with the General Plan approved last April by the County Planning Commission. The people will be very disappointed if delivery service is given to a select few rather than to all."

Clouds Threaten, But That's All

Ominous gray clouds hovered overhead toward the latter part of the weather week after a hot start. The temperature October 13 was 90 degrees, but the mercury had dipped to 59 by Monday.

Gloomy days followed, but the threat of rain remained just that, and never materialized.

Plants Will Brighten Interchange Scene

Rights-of-Way Freeway Funds Allotted by State

Fifteen out of 52 right-of-way parcels for the stretch of Diablo Freeway between the Orinda Interchange and the Lafayette By-Pass have been acquired by the State Division of Highways, H. S. Miles, assistant district engineer, reported yesterday.

However, plans for Walnut Creek By-Pass are further developed than are plans for the Orinda-to-Lafayette section, Miles pointed out.

For that reason, Miles explained, he anticipated that Highway 24 rights-of-way acquisitions for which funds were allocated Wednesday by the California Highway Commission would be for the Walnut Creek By-Pass.

THE COMMISSION allocated \$1,230,000 for rights-of-way acquisition for Sign Routes 21 (Danville Highway) and 24 (Mt. Diablo Boulevard) in the Lafayette-Walnut Creek-Danville areas.

This action was taken on the opening day of the commission's three-day meeting in Sacramento, which ends today.

Both Miles and Kenneth C. Adams, editor of the Division of Highways' official journal, California Highways and Public Works, stated that the commission is expected to adopt its 1956-57 budget today.

Adams, at his office in Sacramento, said that advance information on possible budget details was not available.

MILES, at his office in San Francisco, said it was unlikely that the 1956-57 budget will contain allocations for Walnut Creek By-Pass construction.

The \$1,230,000 allocated Wednesday for rights-of-way acquisition in the Lafayette-Walnut Creek-Danville area is part of \$7,060,000 in construction and rights-of-way funds added to the Northern California portion of the state highway budget for the current fiscal year, 1955-56.

The \$7,060,000 represents part of the additional funds made available last month by virtue of a refund from San Francisco-Oakland Bay Bridge toll revenues.

Sleepy Hollow Pool Should Be Finished Nov. 1

Construction of the swimming pool at the new Sleepy Hollow Recreational Association area on Sunside Lane should be completed by November 1, according to President Ernie Starkman.

The pool's concrete sides have been erected, with installation of sewers to be completed along with erection of a chain-link fence around the area, and planting of lawns and shrubs.

Although bulldozing and installation of drain tile was contracted, volunteer crews of association members put in the necessary water lines.

Designed to meet Olympic specifications for a 25-meter pool, the installation will be trapezoidal in shape (a four-sided figure with only two sides parallel).

Young Tells Chamber Now Is Time for Shelter Plans

Nearly 90,000 plants will grace the Orinda interchange upon completion of a state landscaping project just begun, Don Young, resident engineer of the program, told Tuesday's meeting of the Orinda Chamber of Commerce at The Willows.

Young also said any plans for a bus-waiting shelter by interested Orinda groups could now be submitted to the San Francisco office of B. W. Booker, assistant state highway engineer. Construction of the shelter could then be carried on along with the planting job for the entire interchange and construction of the bus turnoff.

PERHAPS we should write the State Division of Highways now, and get going," Chamber President Ned deLaveaga suggested. The contract for construction of a bus turnoff and related facilities has been awarded to Watkins and Sibbald of San Anselmo with a low bid of \$58,034.60.

The shelter and turnoff will be located within the northeast cloverleaf of the Interchange, just east of the bridge over the underpass. This is approximately 400 feet west of the old Crossroads.

YOUNG estimated that the various jobs will take about eight months to complete. In addition to being the state's resident engineer on the whole Interchange project, he is now serving in the same capacity on the Lafayette By-pass project.

A bus stop ramp will be built east of the overpass, with a 10-foot sidewalk on the north side and a 16-foot road. He said there would be a low fence between the bus stop lane and the travel lane. The bus turnoff will serve westbound coaches and is the first project of its kind to be undertaken by the state, said Young.

The landscaped area all around the interchange will be maintained by the state. Among the plants will be toyon, acacia, redbud, barberry, eucalyptus, flowering cherry, oleander, Catalina cherry, wild lilac and redbud.

AVAKIAN ASKED that a three-judge court be convened to hear the appeal and that the court permanently set aside the ICC order.

On July 6 the ICC authorized Greyhound to set up the subsidiary.

The appeal also asked leave to file applications for a temporary restraining order in the event that Greyhound tries to carry out its program prior to court action on the suit.

THE COMMUTER GROUPS have consistently opposed the Greyhound plans, on the grounds that increased fares would result.

Greyhound, on the other hand, declares that the move would increase efficiency.

The company claims that the commuter runs are money-losers and should be self-maintaining, unattached to the profitable "long-haul" runs.

In addition to Avakian, attorneys for the plaintiffs include Francis W. Collins, Contra Costa County district attorney, and William O. Weissich, Marin County district attorney.

Orinda Library Open More Hours

Orinda Branch of the Contra Costa County Library in the Orinda Community Church, is now open from 2 to 9 p.m. Monday through Friday, and from 10 a.m. to 2 p.m. Saturday, according to County Librarian Bertha D. Hellum.

This schedule, which adds 12 hours of service to the public each week, became effective October 1.

Appointment of Mrs. Sara Malinowsky as branch library assistant in charge of the local library, and of Mrs. Sabine O'Flaherty as part-time assistant is also announced by Mrs. Hellum.

NOW OPEN at 78 Moraga Highway, Orinda, is this newest unit of Lucky Stores, Inc. The new store is the 43rd supermarket operated by Lucky Stores.

New Fire Bounds For Monte Vista Get Approval

Proposed withdrawal of the Monte Vista area from the Lafayette County Fire Protection District and annexation of the area to the Orinda County Fire Protection District were approved by the County Boundary Commission Tuesday morning.

Action of the Boundary Commission was merely approval of boundaries involved. Before further action can be taken by the county on the suggested withdrawal and annexation, petition must be filed, it was explained yesterday by Jerry Tara, deputy county assessor.

Proponent is Norman Tuttle of 35 Honey Hill Road, Orinda. Tara described the area involved as consisting of about 200 acres.

"Boundaries go northerly along Charles Hill Road to Honey Hill Road, northeasterly along the south line of Orinda Uplands to Acalanes Rancho, south on the westerly line of Acalanes Rancho and across Mt. Diablo Boulevard to including the St. Hill property, then cutting back up to Charles Hill Road," Tara said.

DURING WORLD WAR II Grauman was in the Navy, serving from October, 1943, to April, 1946. He was a pharmacist, second class, and his stint included duty aboard a destroyer tender in the Pacific.

Lucky Stores' 43 supermarkets are located in nine Bay Area counties, with two additional units now under construction to be opened this year in Palo Alto and Stockton.

Sites in other Bay Area communities for additional Lucky units are currently being considered, and it is estimated by company officials that the Lucky chain will open 14 more supermarkets in 1956.

Estimated sales of the organization for 1955 are expected to exceed \$45 million, according to a company spokesman.

Moraga Valley Community Club, B. O. Wilson, County superintendent of schools, will be among the speakers.

John Sanders, chairman of the school board, has pointed out that the growth of the community has just started and will continue at a rapidly increasing rate. The trustees will appreciate advice and encouragement from the public as to preparation for proper housing and education of new children, according to Sanders.

'Diablo Crusade May Top \$37,300 Goal' -- Cappel

Diablo Valley volunteers in the United Bay Area Crusade were praised today by their Chairman, Earl Cappel, who said that the drive, now two weeks old, is "well on the way to achieving or exceeding the local goal."

It is hoped that \$37,300 will be contributed in advance gifts, industrial business and residential campaigns, which will go into an overall pot benefitting welfare, guidance and health agencies in five counties.

THE UNITED BAY GOAL is \$10,691,640, the achievement of which will mean that all local allocations, based on budget requests, will be met according to

in the Diablo Valley, including Walnut Creek, Orinda, Lafayette, Danville and Pleasant Hill, have been visiting places of business and stores in the "down-town" campaign which will run until November 7.

Window stickers are issued to contributors, to help residential campaigners find those persons not yet contacted when they start a two-week drive of their own, to end November 21.

Special assistance is being lent by the Community Service Bureau, with headquarters in the Walnut Creek area Chamber of Commerce offices. Members will tour the residential areas in several towns.

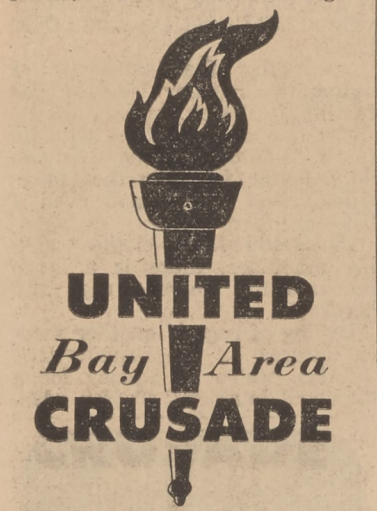

Theme of this year's drive is "United Crusade is Your One Big Give."

THIS MEANS THAT IT includes the many organizations which formerly conducted their own drives. In this area they are Boy and Girls Scouts, Campfire Girls, Young Men's Christian Association, Arthritis and Rheumatism Foundation, Concord Community Chest, Concord Community Welfare Fund, Concord Ministerial Fund, Herrick Memorial Hospital Clinics, Learn-to-Swim program.

Also Shadeland School for Cerebral Palsied Children, United Defense Fund, White Cane Week, National Federation of the Blind and related chapters.

CAMPAIGN TARGETS are as follows: Business, \$3200; residential, \$2700; education, \$8100; public employees, \$1500; advance gifts, \$2000; commerce and industry, \$19,600.

Drive leaders include Gordon Moynahan for Walnut Creek, Ken Jensen for Lafayette, George Eberhart for Orinda, Al Kaplan for Danville, and Don Burke for Pleasant Hill. Coordinators are Charles Gable and John Price, commerce and industry, and Clifford Grodin, public relations. Crusade cabinet chairman is George Conner.

a priority system, which rates the Diablo Valley area high.

Cappel, whose crusade headquarters is at 2363 Mount Diablo Boulevard, was optimistic after a special meeting of his top committee members, held at the Pacific Gas and Electric Building yesterday afternoon.

"We are not only ahead of last year's drive, but in some instances up to the actual quota set for this year, especially in Orinda," he declared jubilantly.

Tromping the halls of Cal we found Mike Ballache, Jean Anderson, Cathy Greub, Donalee Fey, Joe Johanson, Dick Jarrett, Nancy McCrum, Stan Pitkin, Lenore Radonich.

Howard Schirmer, Ann Sparling, Bev Wall, Lynne Teasdale, Dexter Wood, Rita Wood, Phyllis White, Geoff Wahl, Jim Sweet, John Conley, Jan Armstrong, Gail Champion and Paul Kops. It looked like Acalanes took over Cal in full force!

At Contra Costa Junior College are Gerry Dress, Jane Haworth and Red Jones (who is there for a year, mainly playing baseball and basketball).

Dragging their books around Stanford are John Bohn, Marcia Milu and Sally Pedder. Answering roll call at Oregon State are Joan Anderson, Shirley Jones, Don Ong, Larry Collins and Elley Gardner.

THREE "STATES"

Furthering their education at San Francisco State are Shirley Gee and Jackie Miller while Pat Camp is at San Jose State and Andy Fadelli is at Arizona State.

Adding to the enrollment at Holy Names is Mary Matlock, while Ann Lee Smith is at University of Utah. Kathy Trembly is at College of Arts and Crafts and Linda Jacobsen is at Davis. Trudging through their courses are Jack Gray at College of Pacific, Bud Dodge at Santa Clara, Charlie Knoble at Washington State and Pat Myers at Stevens Girls School.

Lee Cutler is at Annapolis while Jerry Coakley and Gary Gudnason have donned Marine uniforms. Paul Hansen is on his way to stardom at the Pasadena Playhouse.

Pat Kiernan and Donna Laney are trying for their caps at nursing school and Nancy Lee is taking a course at business school.

Among our career women are Diane Hillyard and Ellen Hansen who are out in the business world. Setting up housekeeping are Kathy Simmons who is living at Travis Air Force Base, Barbara Owen who is making her home in Texas, and Sue Bradbrook, Carol Thomas and Mary McRella who have also taken the fatal leap.

We miss all of you around Acalanes and wish you all the luck and happiness in the futures you are planning for yourselves.

MRS. NORMAN CUNNINGHAM, left, is co-chairman with Mrs. J. W. Milton, not pictured, of the residential phase of the 1955 United Bay Crusade in Orinda, scheduled to start November 7. Court to Air Freeway Lot Deadlock

The stage is set for legalistic free-for-all Monday in the Martinez superior court, between Carl Borjesson, Pleasant Hill machinist, Contra Costa County and the State of California.

That's when a formal review will be held of a writ ordering County Tax Collector Robert Kinney to issue Borjesson a valid deed to a 25 by 90 foot lot in El Cerrito, and incidentally in the middle of the Eastshort Freeway now under construction.

BORJESSON PURCHASED the lot, sight unseen, for \$160 in a Martinez tax sale, and the fun began.

He could hardly believe his eyes when on visiting it at 55th Street and Portero Avenue, he found bulldozers moving earth for a \$5,000,000 freeway.

But he hastened to plant a flag there, and in a letter to the state offered to rent it for \$1000 a day.

The sale price became \$30,000.

The state ignored him, and so did Tax Collector Kinney when asked for a deed to the lot. But Borjesson found the sympathetic ear of Superior Judge Harold Jacoby, who issued a writ ordering Kinney to comply. District Attorney Francis Collins then obtained permission of the county supervisors to defend Kinney.

THEN, WITH THE matter nearing a head, the state ended its official silence.

The Department of Public Works obtained permission to enter the fray, alleging invalidity of the deed.

"The land was not legally for sale; the sale to the state for back taxes and then to Borjesson is invalid"—so say the Public Works people in advance notice.

They will all have their day in court, but there may be many more such days, if the legal entanglements prove stubborn.

Supervisors OK Assistant Sheriff Job

An emergency ordinance creating the office of assistant to the sheriff was passed Tuesday by the Board of Supervisors, after a compromise with protesters who want it within civil service.

Sheriff Harry Brown who made the original request, said that he will pick his man probably Monday. The ordinance is effective immediately, and for a duration of six months.

The \$500 per month post is outside civil service, which originally brought objections from the Contra Costa County Employees Association Local 302, the Allied Hospital Employees Local 521, and others.

They won a compromise proposal, where the appointee at the end of six months will have to take a competitive examination for the appropriate post set up by Civil Service Commission.

Supervisor J. Fredericksen of Antioch was the only dissenter, with Chairman H. L. Cummings and Supervisors Ray Taylor of Martinez, Ivan Goyak of Richmond and W. G. Buchanan of Pittsburg for the measure.

John Baldwin On Hand for All Congress Session

Congressman John F. Baldwin of the California Sixth District (Contra Costa and Solano Counties) was among five new members of the U. S. House of Representatives who was present and voted on every recorded roll call in the first session of the 84th Congress.

This is the report in the September issue of the Congressional Quarterly, a reference service devoted to the activities of the U. S. Congress.

Baldwin is one of 57 new members of the House. Of the 30-member delegation from California, only he and John Moss of the Third District have a 100 per cent attendance on recorded roll calls.

Figures Show County Is Still 'Fastest Growing'

A population, rising in Walnut Creek, Lafayette and Orinda areas at such a rate that it might be termed "exploding" was pointed out in a report recently submitted by the Contra Costa County Development Association, on the basis of an annual postmaster's survey.

A flood of 8281 newcomers descended upon this area in the last 12 months alone, increasing the total population to 64,689. This is about nine times what it was in 1940 for Walnut Creek, Lafayette, Orinda, Alamo, Sarnan, Canyon, Moraga and St. Mary's.

Most dramatic is the Walnut Creek situation, where there were 1,578 persons listed by the post office in 1940, and 33,533 this year!

AND THIS DOES NOT take into account adjacent Pleasant Hill, listed in the Concord Township. Official figures list 12,000 there, but 28,000 is a general estimate. The survey men multiply the number of postal services by 3 1/2 to obtain their figures, and in

the case of Pleasant Hill, the branch post office probably serves a portion of the total homes, the rest receiving mail from other areas.

The story is much the same throughout the county, but nowhere is the gain greater than in this central area.

Elsewhere, the Pittsburg township picked up 7492 new persons for a total of 32,692, in the past year, and the Concord area 6387, for a total of 58,962.

And the grand total Contra Costa County for 17 townships is 399,224. This is an increase of 26,696.

MARTINEZ SHOWED only a slight increase with 13,500, and Richmond a decrease to 92,540. Nearby Danville stands at 8232, compared with 6272 last year.

This year's and last year's figures in this area are as follows:

Alamo, 875-950; Walnut Creek, 30,330-33,533; Canyon, 224-212; Lafayette, 14,525-16,800; Moraga, 304-444; Orinda, 9500, 12,000; St. Mary's, 650-750.

Baha'i Will Honor UN at Meet Tonight

The Baha'i Community of Contra Costa County announces a special celebration honoring the accomplishments of the United Nations, to be held 8 p.m., Monday, in the Community Room of the PG&E Building, at 1535 Bonanza Street, Walnut Creek.

Two main features will highlight the evening, the first to be a full length 30-minute sound motion picture film, depicting the behind-the-scenes workings of the UN, including visits into the Security Council, the Trusteeship Council and many other working elements of the giant world peace workshop.

Thousands of visitors to New York tour the UN but few are admitted where the official UN camera was permitted to go. It's a lively tour and a comfortable arm-chair way of knowing your UN.

Following the film Richard Lommel of Walnut Creek, chairman of the local United Nations Chapter, and prominent in business and civic affairs, will amplify the showing and answer questions.

There will be no admission charge or collection. All are welcome!

They will be met by another group of mothers when they arrive in Oakland for the trip back home.

Among those making the day's excursion are Susie Armstrong, Nancy Bacigalupi, Bro Campbell, Kevin Coleman, Barbie Cummings, Judy Delaurelle, Betsy Fraser, Ann Ginder, Billy and Betsy Harrison, Susan Krasky, Mark Langdell, Tim Larocca, Maurine MacHugh, Kim Mangini, Deni Mohr, Bruce and Donald Moore, Carol Stephenson, Jimmy Thompson, Jeff Watterson and Andy Wistrich.

Russians Inspect Housing in Area; Contractors Host

A delegation of Russian housing officials touring the United States, visited Contra Costa County Monday, stopping at the Robert R. Platt Construction Company's Oakmead Homes and the Lawrie Construction Company's Sunshine Estates in Concord.

The matter was brought to the attention of the General Contractors Association, in a meeting held recently at the Orinda Wilows.

THE ASSOCIATION meeting also included a discussion on revisions to minimum property requirements set up by the FHA officials. Present were James C. Belda, FHA district director, Ben Byrnes, chief architect, and Jack Tugge, chief appraiser.

Belda advised that the Washington office of FHA was sending personnel from FHA offices on the West Coast to San Francisco to aid in eliminating the backlog of cases. He pointed out that the San Francisco FHA office is the largest insuring office in the nation.

Ben Byrnes reviewed the changes in minimum property requirements and answered questions.

JACK TUGGE URGED the contractors to show on plans and specifications the type of materials they intended to use so they could receive full credit in their appraisals.

Full participation in the United Crusade Drives throughout the county was urged by Gary Grover of Lafayette, president of the association.

New members accepted by the Board of directors include Robert Bruen & Son, Oakland; Design Association, Incorporated, Concord; Diablo Insulation Company, Walnut Creek; Diablo Window Cleaners, Danville; Hansen Floor Covering & Supply, Incorporated, Oakland; Maddux Signs, Lafayette; Redwood Insulation Company, Lafayette.

Drawings Okayed For New County Health Building

Preliminary drawings of the new County Public Health Building to be located at the corner of Ward and Pine in Martinez have been accepted by the Board of Supervisors.

The building will be located directly east of the Hall of Records, and will be a three-story, reinforced concrete structure ultra-modern in design, in keeping with the present Administration Building.

Architects are Jack Bucher AIA and Associates of Orinda. Bucher said plans and specifications are in progress, and that the structure will replace facilities which the county has scattered over various portions of Martinez at the present time.

Bucher said contractors will bid on the job sometime in the spring, and that the project would cost approximately \$300,000. Completion should take place in the latter part of 1956, he said.

The building will contain elevators and large laboratories along with administration, material and child health welfare areas. Rooms will be provided for a clinic, records and public health educational facilities.

In the building will be X-ray and developing rooms along with rooms for venereal diseases, tuberculosis and dental welfare.

One member abstained from the voting. The meeting was held at Fair Oaks School with President Clayton Englar presiding.

License Needed For All Paid Driver-Teachers

The Department of Motor Vehicles has notified colleges, police departments and other law enforcement agencies that "part-time" driving instructors who charge a fee, as well as established private driving schools, are required by law to be licensed to give such instruction.

Motor Vehicles Director Paul Mason said "it has been brought to the attention of this department that a number of unlicensed persons are engaged in giving driving instruction for pay, in violation of the California Vehicle Code."

Mason cited a section of the Vehicle Code which states: "No person, firm, association or corporation shall operate a driver training school or engage in the business of giving instruction for hire in the driving of motor vehicles unless a license has been secured from the Department of Motor Vehicles."

At this meeting the church gained official recognition as a mission under the Northern California Diocese.

Modern Service Given Families At Launderville

"A one-stop, self-service laundry" is the way owner Ralph Taylor describes the Launderville, new automatic laundry at 76 Moraga Highway, Orinda, in the new building across from Black's Market.

Grand Opening days are being observed through tomorrow. Specials being offered during the Grand Opening include rug cleanings at one-third off the regular price.

TAYLOR, who lives on Hall Drive, Orinda, with his family, is also the owner of the Launderville at 568 Grand Avenue in Oakland.

"We offer the latest-type of automatic laundry service for families," Taylor states. "At our modern plant, with its finest equipment, I know we can do a better job than the housewife herself can — and even a little cheaper."

IN ADDITION to clothes-washing machines, there is a large machine for cleaning rugs and blankets.

Dyeing of rugs is another service offered by the Launderville. "Also, we're an agency for a 'finished' laundry," Taylor adds.

Members-Drive Of Mothers Club Being Conducted

Monday saw the start of the annual two-week Orinda Mothers Club drive for 100 per cent membership. Mrs. L. Conway Smith is membership chairman.

Each child brought home a letter and an envelope the first day of the drive.

"Please return the envelope, enclosing your dollar as soon as possible," Mrs. Smith asked. "If the letter should fail to reach home, we hope you will send your dollar anyway with your children's names and teachers."

"CLASSES WILL compete with 100 per cent membership as the goal, and prizes will be awarded."

Dues are \$1 per family for the school year. The dollar will be credited to the class or classes in which the donating family has a child or children enrolled.

For all the classes, kindergarten through sixth, each child whose class attains 100 per cent membership will receive a pencil imprinted with the name of his school.

For each student in the seventh and eighth grades whose class has a 100 per cent membership, a 10-cent allowance will be made to go towards the purchase of records for the dances.

CHAIRMEN for the drive are: Glorietta School, Mesdames L. G. Patton and Paul Winkquist.

For Del Rey School, Mesdames Robeson Smith and Standish Masie.

For Orinda School, Mesdames Joseph Pardini and Laura Cooper. For Sleepy Hollow School, Mesdames Richard Leland and Rudy Grah.

Last year the Orinda Mothers Club membership drive reached 100 per cent in the unprecedented time of five days.

Bridge Sessions Get Good Start

A sizeable turnout of Orinda women tallied up bridge scores and indulged in light table-talk when the first of the Mothers Club bridge sessions was launched recently.

According to Mrs. Edward Patterson, bridge chairman, the players are still most anxious to increase their groups with more players from the Sleepy Hollow and Moraga Del Rey areas. Any one wishing to participate should call Mrs. Patterson at CL 4-2611.

On October 6 at the home of Mrs. R. Nedders on the morning session of players included Mesdames O. W. Schrader, R. Smith, Edward Winters, E. Bergeron, R. Patterson, C. L. Search, J. Spatz and Con Smith.

THAT AFTERNOON'S session at the home of Mrs. L. G. Patterson included Mesdames James I. Thomas-Stahle, Starling Simmon, Paul Winkquist, D. C. Clinton, V. Kingston, E. Angell, R. Brodrick, M. Johnson, J. Rhoda, G. Fink and F. R. Hildebrand.

The hostess the morning of October 7 was Mrs. Edward Patterson. Players at her home were Mesdames E. Dimpfel, D. Evans, D. McConnell, William Morrie, James Buhler, R. Carter, Frank Kastner.

Afternoon hostess on October 7 was Mrs. Paul Catolica; players were Mesdames W. Christiansen, R. Moog, F. Cook, E. Reid, De Loss Winkler, G. Wegner, W. Elloatt, H. Smith, F. Bussey, H. E. Littlejohn Jr., Mel Colwell, James Dana, Jack Moylan, A. Bojarsky, W. Edwards and H. Walters.

YESTERDAY morning's session was played at the home of Mrs. E. Winters, 55 Hillcrest.

Today the morning session will meet at the home of Mrs. E. Dimpfel, 32 Robert Road, and the afternoon session will be at the home of Mrs. De Loss Kinkler, 133 Lomardy Lane.

Scout Salute...

Cub Pack 212

Cub Scout Pack 212 met at Fellowship Hall in Orinda last Friday with the cubs all costumed in preparation for Halloween.

This year the cubs of Pack 212 will be known as Friendly Beggers for on Halloween night, instead of asking for treats for themselves, they will be collecting specified clothing for children overseas, to be distributed through the Friends Committee.

The boys will distribute notices luring next week in their respective neighborhoods, so the needed types of clothing may be readily for collection.

Cubmaster Carl Dudley then made the following awards: Mike Yedidia, Steve Eldridge, Tim Pardini, Ted Schilling, Winston Cunniff, Bobby Lee and Billy Cooper received one year pins.

Assistant Denner stripes were given to Steve Eldridge and Winston Cunniff. John Watkins earned his Wolf and gold arrow. Danny Williams and Roy Hoyer each earned silver arrows on Wolf.

Earning their Bear badges were Bob Blue and Stephen Dudley. Lion cub awards were earned by Eric Ramsing, Paul Rieger, Greg Peterson, John Davison and John Cooper.

These boys together with Jay Jacobus who previously had earned his Lion will now form a Webelos Den, to meet in the evening with their fathers instead of their mothers in preparation to becoming Boy Scouts.

Everyone enjoyed the entertainment presented by the boys as each den sang an amusing song in keeping with their costumes. The meeting was brought to a close with a football movie presented by Pack Committeeman Verner Ramsing, who had planned the meeting.

Next month's meeting will be held on the first Friday, November 4.

Troop 207

The Boy Scouts of Troop 207 are planning to visit the Guide Dogs for the Blind, Inc., Training Center near San Rafael on Saturday, November 5.

The boys will witness the monthly graduation of the students and will see various training methods.

The troop recently completed the purchase of one of these dogs for the use of a blind person.

Cub Pack 225

Presiding at the first meeting of Cub Pack 225 in the Glorietta all-purpose room October 7 was William M. Ellgas, the new cubmaster, assisted by Tevis Thompson and William C. Rowe.

The opening and closing ceremonies were conducted by Den 4. A skit carrying out the "Robin Hood" theme for the month was given by Dens 2 and 7.

Eleven Bebeats were presented with pins and welcomed into the pack. They were Bruce Oldberg, Howard Gravelle Jr., Michael Spina, Tim Thor, Steve Curtis, Harold Gardner, Bobby Anderson, Peyton Jacob, Jeffrey Koslow and Russell and Steven Thaw.

Awarded the rank of Wolf were Richard Staff and Gene Tobias. Raoul Yriberri achieved the rank of Bear.

First year stars were presented to Jeffrey Kingston, Michael Kozak, Don Littleton, William Rowe, Dick Shirley, Michael Thor, Fimi Thrane, John Vicars and Raoul Yriberri, and second year stars to William Pariani and Glen Tobias.

In the line of achievements, Richard Staff and Gene Tobias each earned one gold and one silver arrow; Russell Birkhead, Fimi Thrane, Michael Kozak, Steven Gulick, Richard Brown, John Dimpfel and Glen Tobias, one silver arrow; and John Vicars, two silver arrows.

Cub Pack 32

The first meeting of the season was held by Cub Pack 32 October 7 in the undercroft of St. Stephen's Episcopal Church under the direction of Bruce Howard, assistant cubmaster.

Boys receiving year pins included J. Ainsworth, Steve Thaman, Allen Howard, Ted Taylor, Willie Renrich, Greg Holm, Mike Cullen, Mike Shepherd, Tim Thompson, Eric Unruh, Robert Lester and Bill Little.

Awards went to Holm, Lester, Doug and Ted Howard, Barry Carterton, Clint DeWitt and Billy Holmes. Denner's stripes went to Holmes and Unruh. Cullen and Paul Gearhart received assistant denner's stripes.

The new executive committee includes William Brock, cubmaster; Bruce Howard, assistant cubmaster; Robert Spott, assistant cubmaster; Del Thompson, athletic director; Stan Hunn, advisor; Mrs. Howard, membership; Mrs. E. J. Unruh, den mother advisor; Mrs. Fred Cranshaw, assistant den mother advisor, and Mrs. Thompson, publicity.

Troop 237

First Court of Honor this school year was held by Boy Scout Troop 237 October 6 at Orinda Community Church following a potluck

supper with parents and friends. Awards were made by Bruce Montgomery, scoutmaster, to the following boys:

Ron Parks, second class; Milton Howe and Richard Williams, first class.

Paul Foster, assistant district commissioner, awarded 13 merit badges to Roger Kline, David Dail, Steve Unever, Bruce Johnson, Joe Tracy, Ronny Parks, Milton Howe and Bill Brown.

The Life Scout award was given to Bill Brown by Walter Haele, committee chairman of Troop 237.

The troop regularly meets on Thursday evenings at the Scout Hut in Orinda, and the boys interested in scouting are invited to attend.

Brownie Troop 6

Brand new Brownies of Troop 6, Moraga Del Rey, will be invested in a ceremony next Thursday at 3:30 at the home of Mrs. Herbert Gorenson, 222 Moraga Highway.

Fourth-grade Brownies, under the leadership of Mrs. Leonard Brown, will invest the third-grade newcomers. Partaking in the ceremony will be the following new Brownies: Deborah Baird, Vandra Gorenson, Bonnie Kinser, Kathy Lasiter, Joan Lewis, Karen Peterson, Constance de Laveaga, Christine Thomas, Julie Wagner, Judith Spangler and Laurelei Souza.

Mrs. Jess Kinser is the Brownie leader, assisted by Mrs. Joseph Spangler as co-leader. Refreshments will be served and all mothers are invited to the investiture.

Troop 207

Troop 207 had a highly successful paper drive in the latter part of September. The scouts collected 20½ tons of paper which netted \$195. Part of the money will go toward the purchase of a guide dog for the blind.

It was announced at the Court of Honor October 11 that Tom Mann would take over as scoutmaster. T. G. Cullen, who has been scoutmaster for several years, is now advisor of Explorer Post 300. He was presented with a farewell gift at the meeting.

THE COUPLE graduated from the University of California in June. They embarked for a honeymoon in Long Beach where the groom reported for duty yesterday.

The Rev. J. Henry Thomas officiated at the ceremony, and a reception followed at the Berkeley Women's City Club.

Lou wore a gown of imported Chantilly lace with long sleeves, a pearl embroidered scoop neckline and a full length skirt ending in a chapel length train. Her veil was held in place with a Juliet cap embroidered with pearls. She carried a bouquet of phalaenopsis and stephanotis.

SEVEN YOUNG women preceded her to the altar. Maid of honor was Dorothy Zarley, and attendants included Judy Johnson, Judy Dunn, the bride's sister, Mrs. Daniel McMillan, Sharon

Exhibitors Showing Oil Paintings at Art Center

Two outstanding Bay Area painters whose work drew attention during the Seventh Annual Art and Garden Show in September are having a special exhibit of oil paintings at Valley Art Center, Lafayette. The exhibit will continue to November 10.

Rodger Bolomey, Berkeley, and Robert Sterling, San Francisco, are represented with oil paintings in a show which was previewed by Art Center members. Both artists are exhibitors at the San Francisco Museum and have shown their work in leading galleries here and abroad.

STERLING EXHIBITED in the recent biennial invitational show in Sao Paulo, Brazil, and will show in Rio de Janeiro later this year. In 1954 he won the water color prize at the 18th annual San Francisco Art Association show.

He won another first in the Oakland Art Spring Annual Exhibit for an oil, which was also shown at the Critics Choice Show in Los Angeles. Last year he had a one-man show at the Oakland Art Gallery. His work has been described as an "abstract expressionist type of painting not removed from natural forms."

Many of his works carry a suggestion of marine and rock forms.

Rodger Bolomey has studied and shown his paintings in Switzerland as well as in New York, Sacramento and the San Francisco De Young Museum.

ANOTHER DISPLAY currently at Valley Art Center features portraits by painters well-known locally. These include St. John Moran, Walnut Creek; Royden Martin, Stockton; Jonathan Bachelors, Canyon; Margaret Ulrich, Berkeley, and Jade Fon, Oakland.

Mrs. Rawlings Simon, president of the Center, said that commissions for portraits in time for Christmas giving will be accepted by the Center during October. Prices range from \$50 and special rates will be arranged for more than one portrait, she said.

Also for Christmas shoppers will be an exhibit of ceramics, jewelry, weaving and Christmas cards. In addition to works on display the Center will take orders for articles by the artists and craftsmen exhibiting, Mrs. Simon said.

WC Women to Hear Baird

John Baird, prominent lecturer, will speak on "Fact, Fancy and Fallacy" in a 12:30 luncheon of the Walnut Creek Women's Club, Tuesday at the clubhouse.

His talk will be based on the role of bread and the baking profession in the development of society.

Mrs. Ernest Holman is program chairman.

The Walnut Creek Juniors will entertain with a variety show including the Cananettes and Miss Aileen Hagerty.

There is no admission charge. A children's play area will be supervised by Guild members. Buffet luncheon will be available. All proceeds of the Holiday Fair will benefit patients of Herrick Hospital.

Arch of Sapphires members have painted gay glassware and made hand-knit doll clothes. Mrs. Kendall Caldwell, 1435 Edward Court, Lafayette, is glassware chairman. Mrs. Fred E. Patching, 7 Meadowlands Court, Orinda, is doll clothes chairman.

About Our Happy Country Folks

By EDITH BOLMAN

No electric gadgets on Monday for us

To most housewives Monday morning is a period of quiet, solitary communion with such new fangled contraptions as the electric washing machine, electric clothes dryer, automatic defroster, automatic dishwasher, push button stove and that other instrument of torture—the telephone. To us, Monday morning is a frightful forgetful, frustrating interregnum of figuring what in the world to put in this column. We can always rattle on editorially but that makes Mr. Newspaper nervous—thinks we are trying to move in on his territory maybe—which we ain't (incidentally, did you know that the new progressive school books on grammar actually accept ain't and it is me!) so—the alternative—that balm to Mr. Newspaper's soul—names—and this week we have them.

The Junior League held its first country meeting at the Orinda Country Club—a luncheon to welcome the provisionals into the fold of working girls—and that they are indeed—but first the who-what department—Mrs. Paul Slattery in shades of brown to grey (starting at the toes and working up), Mrs. Edwin Pike with rhinestones speckling the feather lei on her hat (fancy social writers in town say chapeau—what is left of our high school French does not make clear the spelling of the singular—so now we are back to hat).

Mrs. Howard Stafford in green tweed hat and suit, Mrs. Robert Rowe (whoops—our notes say she is a member of the Walnut Branch of the Children's Hospital but not a thing about what she was wearing), Mrs. William Brook, in taupe and browns, Mrs. Robert Spott, different shades of the same, Mrs. Leland Scott Jr. in grey with fluffy white trim (angora?), Mrs. Peter Ponting tailored into deep grey (the greys certainly have it this year), Mrs. Stanley Dollar in soft blue sweater trimmed with blue-violet velvet and applique.

If only Dior had been around then

Mrs. Lawler Snow in one of the new casque hats (Mr. Dior should have been around that day—he would have loved every minute of it), Mrs. Ridgeway Woodburn in gay red dress and hat, Mrs. James Felchlin in black, ad infinitum—however enough of that—there was a much more important reason for their meeting which may affect all of you with a willing heart and a desire to help.

The Junior League, under the tutelage of Mrs. Joseph Wilson and Mrs. Robert Von der Lieth, have organized a Community Service Bureau with headquarters in the Chamber of Commerce Building in Walnut Creek to cover the needs of the Diablo Valley area. On the one hand, they are in contact with welfare and cultural agencies such as the Martinez County Hospital, Recreational Council and Valley Art Center, and on the other, with any and all workers who have ability and/or time to contribute.

The workers have rewarding experiences. For instance, a volunteer from the Bureau who was driving for the boys at the hospital at Parks Air Force Base told us that the Grey Ladies are so needed, and so adored, by the boys that, on days when activity is rushed and an individual Grey Lady can't accomplish everything she would like, she writes notes to the boys she missed to allay their disappointment.

How is that for a bond of respect and companionship to repay a volunteer? So, if you feel you would like to justify your existence just call the Community Service Bureau at YE 4-0424 to see what jobs are available.

The recent Four A advertising convention at Coronado was attended by the Lindsey Spights, Howard Immans, Edward Merrills and an acquisitive pair known in polite circle as Mr. and Mrs. Phipps Rasmussen. It seems that the order of the day included such skilled contests as pitch and putt—driving—and just plain common garden variety golf.

The upshot of that was that, between the two of them, the Rasmussens hauled off one silver well-and-tree platter, one gold cup trophy and one shotgun which, added to suit cases and two golf bags, precipitated an unattractive outlay of \$7.50 for excess baggage—and withering looks from the other crowded plane passengers.

Pink accessories include one poodle

And we have just learned from a "usually reliable source" than whom, in this particular case, there is none more reliable, a price-less yarn about Southern California. The lady wishes to remain anonymous for fear the man in the little white coat will trundle up Miner Road and cart her off, but so help us Hannah, this is true.

Our lady, on a shopping binge in Los Angeles during the recent, well publicized inclement weather, sauntered into Bullock's Wilshire with intent and purpose. She nearly dropped both of them when she saw a Hollywood human feminine creature in a filmy pink dress, pink shoes, pink parasol—leading a Hollywood canine creature, poodle style. The latter was resplendent with a pink rinse on his characteristically clipped exterior, a sequined pink harness and, hoisted therefrom a small pink parasol—don't go away, the best is yet to come—and there, held securely in the spokes of the bumper-shot was a metal ice bag, perforated, so that cooling drops of ice water could fall onto the parched complexion of ONE HOT DOG.

'Tender Trap' Opens in SF

Mail orders are now being received at the Alcazar Theatre for "The Tender Trap," which is the third play of the Alcazar 1955-56 Subscription Series, opening at the theater Tuesday night for a two weeks' stay.

The authors, Max Schulman and Robert Paul Smith, have unveiled an Aladdin's dream of the life of a single girl in New York City who finds he "never had it so good" with a whole bevy of beautiful women vying for his favors.

Visiting with the happy bachelor is a marriage-weary mid-west friend who is seeking refuge from a wife with a mania for wall-to-wall carpeting.

How the bubble bursts in the determined young man's efforts to keep his degree of bachelorhood is one hilarious howl after another. Audiences from Coast to Coast have loved its smart humor and sophisticated dialogue which does not have to depend on the double entendre to provoke peals of laughter.

The stars from the original and national companies of "The Tender Trap" are some of the best in show business when it comes to the art of delivering the authors' wonderful lines and fast-paced situations.

WHAT I KNOW ABOUT CARPETING..

I learned at Mortensen's! When I dropped into their store I really didn't know a thing about carpet, but after the salesman explained to me the differences in weaves and materials, I felt I had a good knowledge of the subject. I found that they do everything with carpet but make it. They're Specialists! I'd like to pass on this tip I got from their man. He said the surest way to get maximum returns on your investment is to buy a nationally recognized brand of carpet such as the MOHAWK. He convinced me, MORTENSEN'S & Mohawk is a combination hard to beat.

Unbeaten Knights Seek Sixth Straight Win

Acalanes Dons Upset Devils, Score 13-7 Win

Playing a far better game than the score would indicate, the Acalanes Dons racked up a 13-7 league win over the Diablo Devils last Friday night at Diablo.

The "underdog" Dons proved to be anything but that as they outplayed the heavier Devil forward wall consistently, to rack up yardage particularly over tackle and around end, and to keep the Devils back on their heels most of the time.

Diminutive halfback Mike Barrett scored first for the Dons, with six minutes gone in the opening quarter.

Mike took the ball on an end run around his own left flank from midfield and, with the aid of some fine blocking by Steve Jordan and Gary Williamson, was sprung into the clear, from where he outspurred the field to the goal line.

Stuart Busby split the uprights, to make the count 7-0.

TOUCHDOWN number 2 came early in the second period of play.

Guard Jim Dinkel, who was a standout all evening with his hard-charging defensive play, pounced on a fumble on the Diablo 14. Seconds later it was a score for Acalanes when Quarterback Richard Markstein threw to Halfback Butch De Villers, who ran upright into the end zone.

A conversion pass missed, and it was 13-0.

IN THE THIRD quarter Diablo got a break on a pass interception on the Dons' 26 by End Tiff Hayden. Hayden brought it back to the 13 before being downed, and on the first play from scrimmage Fullback Rego Piva dove to the 16.

The Diablo score came when halfback Harold Hayworth raced over tackle on the next play, to go all the way, and halfback Cliff Moore added the extra point on a straight shot over tackle.

From then on in, it was a battle all the way, with the game see-sawing back and forth.

A 75-YARD kick set the Devils deep in their own territory at one point, and they never fully recovered.

The Dons threatened on two occasions, largely due to some fine and hard running by Gary Arel, Busby, De Villers and Barrett. Diablo threatened in the closing minutes, but it all ended when De Villers intercepted a pass on the Dons' two, and time ran out with the Dons standing and waiting in the huddle.

THE GAME WAS the Dons' best by far to date and was a real team victory, with every individual playing a good game.

The Dons backs ran well and hard, while the line consistently outcharged the heavy Diablo forward wall, to spell victory and upset the dope bucket, which in some instances gave the Devils a wide margin.

The win was doubly sweet inasmuch as it brought the perpetual trophy set up between the two schools home to Acalanes.

Knights Will Meet Panthers At Antioch Field

The Las Lomas Knights go after their sixth in a row tonight when they travel to Antioch to meet the Panther eleven under the Paper City lights in an 8 o'clock game.

The Knights, enjoying their best season ever, have three practice games and two league tilts safely tucked under their belts, with nothing but victory.

They step up in competition tonight, however, as they face a heavy and rough club that was figured by many as the season's start to pick up all the marbles in the pennant race.

THE PANTHERS started fast, then faded and were slowed to a walk when the Pitt Pirates bounced them around last week, 27-6.

The Panthers had their troubles with the Pleasant Hill Rams, winning only in the closing minutes of play, while the Knights ran up a 31-12 win over the Rams last Friday night, so on that basis the Knights enter the game as favorites.

FOOTBALL GAMES aren't won by comparative scores, however, and Antioch, with the advantage of its home field, could be a bundle of trouble.

Duane Brown, the slashing sophomore fullback for the Knights, when coupled with senior fullback Don Ogden, gives the Knights a 1-2 punch that no one to date has solved.

Coach George De Klotz has brought his club along with improvement in each outing and if he keeps this one the Knights will truly be the Cinderella club of the circuit.

Knight Eleven Beats Ram Team By 31-12 Count

The Las Lomas Knights had a job getting warmed up to the task at hand last Friday night, but once they did, it was curtains for the Pleasant Hill Rams as they went down 31-12.

The game was played at Acalanes Memorial Field and the Knights did their hollering in the opening quarter when they went out in front 6-0 when Quarterback Al Locatelli fooled the defense with a "keep play" and tallied from 18 yards out.

The conversion try missed. THE KNIGHTS took the ball on a 41-yard drive in the second quarter, with Fullback Duane Brown cracking over tackle from seven yards out for the TD.

That tied the score at 6-all, and Las Lomas took the lead when they scored in the same period with a 12-yard pass from Quarterback Jim Symington to End Bob Karlrud, going out in front 12-6.

Brown scored again in the third period after a recovered fumble by Pleasant Hill on their own 10, making it 18-6.

IN THE THIRD period, the Knights scored another TD, with Brown doing the honors from three yards out, and it was 25-6 when Brown booted the conversion.

In the final quarter, Halfback Vern Kenley ran the end for 18 yards and a score, to bring the count to 31-6.

Later in the period, Ram Halfback Jon Lockwood climaxed a 70-yard drive with a TD run over tackle from the three-yard line, and that ended the night's scoring, with the scoreboard reading Las Lomas 31, Pleasant Hill 12 at the final gun.

Outstanding were the fullbacks, Duane Brown for the Knights and Jim McMillin the old reliable for the Rams.

Richmond City Attorney Thomas M. Carlson announces that Senator Thomas Kuchel will speak at a dinner to be given in his honor Thursday, November 3, at the Richmond Golf Club.

Don Victory over Devils Was Cause for Jubilation

By ERWIN MATTSON
THE ACALANES WIN over Mt. Diablo last Friday night was an upset in every sense of the word and was additional proof that a great percentage of any team performance is mental attitude — that indefinable thing referred to as spirit.

The win was particularly gratifying to me for several reasons. First, the Dons had lost two toughies in a row, 8-6 and 7-6. Secondly, the win brought home the trophy put up each year between the schools.

It all stems back to a great rivalry that started when Acalanes High School began in 1940. Before that, Acalanes area students had gone to Diablo High, commuting via the Sacramento Short Line Railway.

On top of that, Diablo is the school from which I graduated back in 1926, and it was the school where Stanley Walgren, Acalanes principal, formerly taught.

Then, on top of that, my nephew, Don Mattson, played tackle for the Devils. As a result of all this, it was a great team effort that displayed the Dons at their best.

The victory was all the sweeter because this season is my last as the head coach of Acalanes, a position I have been fortunate enough to hold since the school's inception in 1940.

This year ends 25 years of football coaching, and as I look back it's all filled with many wonderful memories that I wouldn't want to change.

FOOTBALL HAS CHANGED greatly over the years, to a better and more exciting game. Last spring I decided that 25 years was enough, as the game exacts a great deal of physical and nervous energy.

Sitting on the sidelines may not entirely alleviate the butterflies but it certainly will reduce them. Calling plays in the bleachers has lots of advantages — you call it after the play, not before, and then no one really knows whether your call would have worked or flopped!

SPEAKING OF FOOTBALL, one of the hottest races is in the frosh league, which finds Acalanes, Las Lomas and Miramonte on a round-robin schedule.

At this point it's at the halfway mark, with all clubs tied up for the top spot with 1-1 records. Competition is on an even keel and everyone has lots of fun playing the game.

THE PREP RACE continues to be a top one in the junior varsity division, with the Acalanes Babes and Las Lomas the only two undefeated clubs.

The two meet in the final game on November 3, and if both keep clean slates until that time, it would really be the "Big Little Game."

In the varsity division, Las Lomas, like Old Man River, just keeps rolling along as the county's only undefeated eleven and could well figure in the pennant race, with but three games to go.

Coach George DeKlotz has come up with a well oiled machine that so far has managed to rise as high as necessary to win. In view of a junior-loaded line, the Knights could do all right in the 1956 race.

THE PRINCIPALS and coaches of the Diablo Valley League met last week for an informal dinner gathering at Stan's Brickhouse in Walnut Creek.

No business was on tap, as it was purely a social affair, with all present having a good time famous "fried chicken" which and getting their fill of Stan's came on an all-you-can-eat basis — and that's a big serving job with a band of hungry school teachers.

Fight Against Higher Water Costs Requested

A resolution asking the County Board of Supervisors to protect area water users along the Sacramento and San Joaquin Rivers from "unreasonable increases in water costs" was recently submitted by the Contra Costa County Development Association directors.

The directors commended the supervisors for their past efforts in the matter, and pledged support in a "County-wide educational and publicity program designed to acquaint the industries and inhabitants of the county with its water problems."

Also called for is a study into preparing information for submission to the State Legislature.

After Tonight -- Only Two More Games to Go!

Tonight's league football games mark the third of the season, and that means just two to go. Believe it or not, the closing curtain drops in two weeks, on Friday, November 4, with the final round of play in the six-team circuit.

NEXT WEEK the Dons of Acalanes host Antioch in what looms as a tossup, while Diablo plays the up and coming league-leading Knights of Las Lomas at Concord.

The Las Lomas game is another even-even affair, with any edge going to the Knights at this writing, in view of their unblemished record.

THE THIRD TILT finds the Pleasant Hill Rams tackling the Pittsburgh Pirates at Pittsburgh.

The Rams, light and with not too much depth, will definitely be the underdog in this one, as Pitt rates as one of the best, if not the best, in the circuit.

All games are slated to start at 8 p.m.

Rams Will Meet Diablo Devils At Concord Field

The Pleasant Hill Rams had their troubles last week when they lost 31-12 to the loop-leading Las Lomas Knights, and they appear to be headed for perhaps even bigger trouble tonight, when they face the heavy Diablo Devils under the lights of the Concord field.

The Rams are not only heavily outweighted but have their regular backfield on the sidelines with an assortment of injuries.

Mike Farmer and Jon Lockwood are out. Farmer with a bad ankle first injured in an auto accident and Lockwood with a gimpy knee.

THE BIG HURT comes in the loss of fullback Jim McMillan, who has a swollen ankle due to a freak accident in last week's game with Las Lomas.

McMillan has been the Rams' workhorse and rates as one of the county's best backs of the year.

THE RAM forward wall is intact, but it remains to be seen if they can hold up against the Devils' heavy line.

The Devils are liable to be doubly tough, as they were stung to the quick by the Acalanes defeat last Friday night.

Kickoff time is slated for 8 p.m.

Pirates Sail Into Acalanes Tonight To Scuttle Dons

The Acalanes Dons, fresh from an upset victory over the Diablo Devils last Friday, have their work cut out for them when they face the Pittsburgh Pirates on the Acalanes Field starting at 8 p.m. tonight.

Last week the Dons played at their best and it proved to be a tough brand of ball with some good old fashioned blocking and running which when coupled with some tough defensive play proved to be tough to handle.

THE DONS will have to display the same brand of ball if they are to be in contention tonight.

The Pitt Pirates started slow this year and while the Devils, they pulled out all the stops last Friday night when they massacred the Antioch Panthers 27-6 under the Pittsburgh lights before a sellout crowd of 7000.

The Pirates have a hard going fullback in John Tackett and some swifties in the backfield in Anthony Barrelli, Jesse La and Vic Vagliente, to mention a few. In quarterback Charles Verdigo they have a nifty ball handler whose passing has steadily improved.

THE DONS, on the other hand may have found their best defensive unit in the Diablo game and could provide trouble if their play wasn't just a flash in the pan.

The Don offensive backs with the likes of Alden Robertson, Gary Arel, Butch DeVillers, Gene Bell, Stuart Busby, Mike Barrett and Harold Ecklund provide the Dons with an adequate offensive punch while Quarterbacks Richard Markstein and Alan Sutton handle and pass the ball well.

The pennant race is wide open with Las Lomas the only undefeated club with three games to go.

Pitt has pennant ambitions and figures to be high for this one. The Dons appear to be on the rise after a slow start and it promises to be a night of hard play with a capacity crowd expected to be on hand getting its money's worth.

Miramonte Frosh Defeat Knights

Miramonte High of Orinda had its day in the sun last Friday afternoon when its frosh team carved out a nifty 13-7 win over the Little Knights of Las Lomas.

The Knights threw a scare into the visitors when they scored midway in the first quarter as the result of recovering a Miramonte fumble in the end zone and made it 7-0 by bucking over the conversion try.

MIRAMONTE wasted little time getting a score of its own, going on a 60-yard drive after the kickoff to score.

Dixon Farmer rambled 25 yards for the tally.

The conversion kick hit the crossbar and bounced back, which made it 7-6, and that's the way things stood at the half.

MIRAMONTE wrapped the game up in the second half when it held the Las Lomas eleven scoreless while garnering seven points of its own.

The touchdown came after a 65-yard drive, climaxed by a sneak by Floyd Blaney for the TD from two yards out.

Bob Hudson split the uprights with his educated toe, and it was 13-7.

Outstanding defensive play was turned in by Miramonte's Bob Terman, Lin Ebecker, Randy Young and reserve tackle John O'Connor.

Parade of Bands Planned for Football Game

Nearly 350 young musicians will participate in a "Parade of Bands" tonight as part of the half-time festivities at the Mt. Diablo-Pleasant Hill High football game, to be played on the Diablo field, it was announced today by James Arnold, director of music of the Mt. Diablo Unified School District.

Marching bands from all intermediate and high schools in the district will parade onto the gridiron to form one massed band, which will then play, "God Bless America."

Included among the seven bands will be two from new schools which began classes just last month. They are Glenbrook Intermediate and Pacifica High School.

The complete list of participating schools is as follows: Intermediate schools — River View, Glenbrook, Pleasant Hill and Loma Vista; high schools — Pacifica, Pleasant Hill and Mt. Diablo.

This is your community. Attend meetings, participate, vote. Read about what is happening.

"It's never too late to learn" is the answer given to adults who inquire about the Acalanes Adult Education Program, according to A. D. Dambacher, director of adult education.

Following are some of the more than 60 classes now offered:

Flower arrangement, under the direction of Mrs. Doris Munster; driftwood sculpture, interior decorating, art metal classes.

The Adult Center also provides several sections of woodshop for both beginning and advanced students.

Knitting and millinery are two other interesting classes offered. Public speaking, under the direction of Sherwood Knight, is another.

There are still openings in all of these classes and many of the others, too. For further information, drop in at the adult office at Acalanes High School or call AT 3-6262, Monday through Thursday, 7 to 10 p.m.

Suburbia Scribblings

By MARIE MONAHAN

New school makes her a 'first lady'

FROM TWO TIL FOUR one crisp fall day last week, a constant flow of feminine callers trekked up the long curving driveway to the Gerald TESMAN home sitting high on Canon Drive, to meet and extend a warm welcome to a real "first lady" newcomer to Orinda . . . and Canon Drive area in particular.

Mrs. James LEWIS, wife of the first principal of Orinda's new and first high school, was the smiling and gracious recipient of greetings extended by nearby neighbors and friends invited to tea by Mrs. Charles KERSTEN and Mrs. Gerald TESMAN who co-hosted the afternoon affair.

A harbinger of fall, the attractive tea table laden w/lush gold and russet mums, candles, maple leaves and teatime treats . . . Tall Marge TESMAN gracing the foyer in tangerine and shrimpink tweed wool flecked w/white and matching rope beads and earrings . . . Laurie KERSTEN glowingly greeted guests in rustling black.

Cappy CHAMPION coming in early in a royal-blue and black Lanz-type print . . . A part black velvet dutch cap on Mrs. LEWIS whose black dress was accentuated by a gardenia corsage and a pretty strand of pearls . . . Mrs. Joseph SHEAFF in a smart beige knit and Mrs. Karl SAX wearing a very shimmering white velvet atop her brunette head . . . Presiding over the silver tea service, Mrs. Lewis's sister, Mrs. Robert FOUNTAIN of Lafayette and Mrs. Edward BAKER who wore a velvet ribbon hat w/a chic dress of Egyptian cotton . . . A big punch bowl inviting the thirstier guests.

Coming in toward the tag end, Mrs. W. W. SWEDENBERG and Mrs. W. A. PATTERSON, the latter telling how 18 years ago her child was the ONLY tot on Canon Drive and playmates for same had to be imported from afar. Nowadays some 60 moppets or more trike, bike, and burn up energy along the same waysides of Canon Drive.

WHILE CUPS AND SAUCERS CLINKED AWAY, a cozy afternoon was written off most successfully on the social calendar . . . Those who came to greet and meet Mrs. Lewis were Mesdames Charles WILSON, David STEWART, John OGDEN, Earl G. WILDER, Odie MONAHAN, I. I. STEWART, H. DALEY, Phelps DEWEY, A. PASTERIS, Stuart Brooks, Gordon TINKHAM, Forrest LUSHER, John WILLIAMS, Douglas WATKINS, Karl DAVIS, Ernest C. DREWS, Vernon AXELSON, Charles ERICKSON, Angus McLEOD, F. R. HILDEBRAND, Avram YEDIDIA, James RUSSELL, Robert COX, Russell USINGER, H. J. HART, J. R. STILL and John PETRICIANI.

Masilion migration calls for party

A Sunday eve gathering at the Hall Drive home of Dick and Marge HARTLE for the MULDORFS, Trudy and Stewart, who will soon be moving to Masillon, Ohio . . . In the party, Maude and Martin WHITE, Eleanor and Jack HUBNER, Phyll and Bob WILLIAMS, and Helen HILL.

English-born Yolande Lesley ROWE opened her heribonned packages galore last week at a bridal shower held in her honor and hosted by Mrs. Paul BYERLY . . . Lovely Yolande, daughter of Leslie and Poppy ROWE, will become Mrs. Charles BURKETT in a double-ring Nuptial Mass at Santa Maria Church on November 12.

TURNING BACK THE CLOCK and dancing to medley of 1940 tunes at the Lake Merritt Hotel Sunday eve . . . Orinda members of the Oakland Hi Class of '40 . . . Harold BOWERS, Jean VICARS, Matt HAMMOND, Dorris HAWKES, all w/their respective spouses along. Tempus Fugit, it was fun!

Another zodiac-inspired celebration honored BEV SCHWATKA on her B'day . . . A score of friends screaming "Surprise" came out of hiding in the living room when Bev and Art returned home from a natal-day dinner at Sanford's in Montclair . . . Nearby friends and neighbors of the Bill THURSTONS intercepting Jean and Bill just as they were on their way out (to "one of the neighbors") with a real Surprise Housewarming party on a recent Sat. nite . . . Mostly Mariposa Laners, the crowd included Jane and Jay JACOBUS, the Mark SEEVERS, Hope and Frank DAVENPORT, the Chuck MCCOYS, Mel AYERS and lots more.

PARTIES, JUNIOR STYLE . . . A Costume party, Halloween theme, for Linda BELL, dgthr. of the Philip BELLS, on her Seventh birthday . . . Pumpkins, witches, and 14 gaily costumed girls and boys giggling while trying to eat donuts suspended from a string.

When Roy HOYER celebrated his b'day recently, his oldest brother Roger held the 15 guests spellbound w/tricks of Magic . . . The talented Hoyer children, all very musical, whipped up an orchestra for the occasion, too!

Guests at Danny WILLIAMS' ninth b'day party competed at Miniature Golf in Walnut Creek . . . Billy COOPER came through w/a Hole-In-One while Johnny WATKINS toted up the lowest score to win a prize.

People on strings bring in pennies

Lois PIXLEY taking tickets for the Fire Engine rides and other busy branch ladies were Carol KILNER, Bev SWEET, Sally WISER, and Joy BROSEN who was Chairman for the day.

ON THE GO, TRIPS & TREKS . . . Stashing Gary, Sharon, Randy and Sally in the apple-green wagon, Walter and Florence SWEDBERG weekendend in famille at a Colusa Ranch . . . Mixing business w/pleasure, Virginia and Ted HOWES took in the jai-alai games at Tijuana last wknd. . . . Gordon AINSWORTH's mother visiting here from Seattle . . .

Film Will Trace Bible's History

The first section of a historic three-part sound film, "Our Bible—How It Came to Us," will be shown in Lafayette at the Park Theater on Saturday, October 29 at 10 a.m., Mrs. Gerald Beaver of The Principia Mothers Club announced recently.

The film traces the history and development of the Holy Bible from the first century A.D. to the present time. It was produced by the American Bible Society and ranks as one of the most authentic Bible films ever made.

The first section of the film takes one back to the very beginnings of the Bible. After a brief opening in the modern day, the film flashes back to Nazareth in the time of the first century, and shows Jesus in the synagogue reading from the scroll of Isaiah. The film then unfolds the story of how the Old Testament was formed, and how translations of the Bible into Greek spread throughout the eastern Mediterranean world and formed the Scriptures of the early Christians.

The formation of the New Testament is dramatically portrayed, first by showing how Paul working as a tentmaker in Corinth, dictates the first of the Epistles, and how the Gospels came to be written by Luke, Matthew and John. It comes to a close by showing how this collection of writings about Jesus and his teachings was added to the Scriptures of the Jews, making the Bible as it is known today.

It is the hope of the American Bible Society and those who show these pictures that the films shall stimulate more wide-spread reading of the Word of God. The other two sections in the series are "The Bible Spreads Across Europe" and "The Making of the English Bible." The dates they will be shown will be announced later. The public is invited to see these interesting and inspirational films.

Christmas Mail to Flood Post Office

Postal employees are preparing to handle the largest volume of Christmas mail in his tory this year.

Regional Operations Manager O. H. Fuller said in San Francisco today that "Postal workers in the California-Nevada-Hawaii region will be set to give the public prompt, efficient service."

Postmasters have been issued advance instructions on handling holiday mail, with the reminder that the success of the Christmas operation depends on prompt and proper distribution of mail in each and every post office.

EVERYONE IN THE postal service knows the advantages of early mailing for Christmas," Fuller said, "and we hope to obtain greater public cooperation in mailing early to enable us to maintain an efficient, economical operation."

Fuller listed the following ways for the public to cooperate:

1. Parcels addressed to members of the armed forces overseas should be mailed as soon as possible, with a deadline of November 15.

2. Anyone who shops early can mail parcels which may be marked "Do Not Open Until Christmas."

3. In cities where the postal zone numbering system is in effect, local address lists (for Christmas cards, etc.) can be submitted to the Post Office for insertion of zone numbers free of charge.

4. BUSINESS FIRMS should plan to make heavy mailings of catalogs, calendars and similar material in time for delivery by December 1, or withhold them until after Christmas.

Postmasters have been instructed that increased use of regular employees on overtime in reasonable amounts in lieu of temporary employees will result in overall savings and more efficient service, as well as give regular employees the opportunity of increasing their earnings during the holiday season.

Christmas Seals Being Prepared

Volunteers are needed to fold 1955 Christmas seals, stuff letters, seal envelopes and other tasks, it was announced this week by the Contra Costa Tuberculosis and Health Association. They may sign up by calling Martinez 2350.

This Topic's 'Hot' All Year Round!

Fire prevention is a timely subject of the utmost importance 52 weeks of the year. Fire Prevention Week, observed throughout the nation last week, served to underscore its importance.

Area residents are keenly aware of the need to combat fire hazards and to educate children in proper precautions.

This was clearly indicated by comments in the "What They Say" column in the October 7 Sun, on the eve of Fire Prevention Week. It is also shown by the constant safety-education programs by organizations of parents of school children.

Fire chiefs in Central Contra Costa County warn that, with summer over, the turning on of furnaces presents a new fire hazard. They advise us to take the following steps: Clean out underneath the furnaces. Clean out filters. Clean furnace rooms of all "junk," accumulation and dust. Call a furnace man to do these things if they can't be done otherwise.

Other pertinent fire prevention advice offered by our fire departments, the National Fire Protection Association and the International Association of Fire Chiefs—the sponsors of Fire Prevention Week—includes the following "pointers":

1. Don't keep matches accessible around the house when your child is in that "match-happy" age—don't tempt him.
2. Don't throw paper matches on the streets, where children can pick them up.
3. Supervise the use of matches by children—for example, when they light the incinerator or fireplace.
4. Caution children to tell you at once if they find other youngsters playing with matches, so as to prevent other children from starting a fire.
5. Train children to report to an adult, at once, any fire they see.

In general, it is wise to remember that fire is a good servant but a bad master!

People Behind Saroyan Scenes Deserve Credit

The final performance of William Saroyan's "The Beautiful People" by the Dramateurs Saturday night was again well received by a very enthusiastic audience which was rewarding for the people who had worked so hard to make it the success it was.

Director Carl Rasmussen did an excellent job and the Dramateurs feel very lucky to have once again had him in charge of their production. On his production staff and entitled to thanks also were several members of the club from Orinda, Concord, Lafayette, Walnut Creek, Berkeley and Oakland—Peg Stanislawsky, Beth Culp, Patricia Winkworth, Bruce Winkworth, Ed Nather, Charlotte Chapple, William Bradbury, Ferd Voelker.

Karl Sterne, Edith Dinkin, Norma Jean Walkley, Virginia Palm, Florence Cook, Eddie Woltz, Bob Wright, Jack Holder, Patricia Connally, Charles Gibbs, Jewel Scheeline, Norma Betz, Ellen Plumb, Janis Janssen and Bette Apgar. Their contributions included all the behind the scenes jobs that so often do not get proper recognition.

The Dramateurs next production will be "Point of No Return" and will be scheduled for some time next spring. In the meantime, very interesting programs are in store for members and friends for November and December workshops. The dates of these will be announced later. All workshops are open to the public and there is no admission charge.

H. S. Bonds Will Be Topic At Meeting; Support Grows

The general public and representatives of community organizations are invited to a public meeting in the Acalanes library at 8 p.m. Tuesday, at which the Acalanes High School District Board of Trustees, sponsors of the meeting, plan to discuss the district's \$3,250,000 bond issue scheduled for decision at the polls November 22.

Trustees will outline the reasons behind the request for bond money, answer questions and discuss the financial future of the high school district.

MORE THAN 5000 high school and elementary school parents have endorsed the bond proposal through their PTA's and parents' clubs, according to members of the Parents Committee for the High School Bond Proposal.

Organizations voting unanimous support for the high school measure include the membership of the Walnut Creek and Parkmead PTA's; the executive boards of the Central and Buena Vista PTA's; the Lafayette, Vallejo, Burton and Montecito PTA's; and the Stanley School Parents Club, and the Parent Clubs of Las Lomas, Acalanes and Miramonte High Schools.

Officials on the Parents Committee for the Bond Proposal predict that additional parent and PTA support for the high school bond proposal is anticipated as soon as the remaining parent groups hold their monthly meetings.

COMMITTEE MEMBERS report that elementary parents are particularly concerned about the high school bond proposal, which will provide funds to build classrooms to house present elementary enrollments when they reach the secondary level.

What They Say

Good Sign—No Arks Being Built

Not a single ark seems to be under construction in the area. This doesn't necessarily mean that people don't expect heavy rains this winter. Maybe they do, but just don't feel it will be quite as wet as in Noah's time.

Besides it would be a problem to gather a representative selection of animals to put aboard the craft. About all there would be dogs, cats and parakeets.

TO SEE just how much thought people are giving to the prospect of liquid-filled days and nights, meaning rainwater, not firewater, our researchers popped this question:

"Just for the fun of answering a silly question — what do you think are the prospects for rain this coming winter, and do you like lots of it, or only a little?"

"I think there'll be lots of it," replied Andy Ford, 8½, son of Mr. and Mrs. James F. Ford, 3591 Powell Drive, Lafayette. "I don't know why there will be, but I like rain."

MRS. A. PASTERIS, 151 Canon Drive, Orinda, said, "I imagine there will be lots of it because there are so much more berries there than usual, and many birds to eat them. This shows it's going to be a long winter."

"I'd like it to rain only at night," commented Richard A. Peppin, 4060 Valente Court, Lafayette. "This would eliminate squashing around in it during the day."

Mrs. E. J. Fowler Jr., 11 Southwood Court, Orinda, said, "There will be a lot of rain and I think it will be a good thing because we need it. The rain seems a little late in coming, so will probably arrive all at once."

"We're keeping our fingers crossed," declared T. J. Van Zandt of 1007 Santa Lucia Drive, Pleasant Hill.

He referred to the worry held by some residents of Gregory Gardens and other areas like his where it's not fully known how well the new drainage ditches can handle a good rain.

HE ALSO REMEMBERS the time a few years ago when as a reserve deputy sheriff, he fought with sandbags (most of them eventually weren't needed) a heavy downpour—one that was "over the mailboxes" in Gregory Gardens.

It may be a "wet one" this year is the opinion of Mrs. O. M. Graves of 2925 Cherry Lane, Walnut Creek.

Since Mrs. Graves is a carpenter, she is keenly aware of outdoor conditions—when they are bad, he's at home.

Two ladies don't seem to mind the rain, but do have definite ideas on the kind they prefer.

Mrs. Laurence Posey of 2157 San Miguel Drive, Walnut Creek, says, "this fog-and-mist business is not so good. Give me some real, honest rain, or else sunshine."

THE GOOD-OLD mid-west kind of rain is that best remembered by Mrs. John W. Blount of 105 Roberta Avenue, Pleasant Hill, who formerly lived in Wisconsin.

For her, the best is a thunder-and-lightning rain, not that which moves in for days "until you get sick of it."

Gas Heaters Pose Danger

"When it comes time to use your gas heater this fall, be sure to warn the children in your home to keep away from it."

Dr. Warren Ketterer, assistant health officer, issued this warning yesterday in a campaign to reduce accidents involving gas heaters and stoves.

"Every fall a tragic number of youngsters are injured and even killed from explosions, asphyxiation and fire involving gas heaters," he advised, keep rooms well ventilated, and open windows from the top at least two and one-half inches to keep fresh air circulating.

Under The Sun

By Herman Silverman

Notes from the file folder

It's 4:30 Tuesday afternoon—time to write a column. First, lock the door to keep out Snoopy, the office cat. Now pull the file folder from the upper, left-hand desk drawer and dump out the notes and newspaper clips. My gosh, there's a lot of them this week, so number them and let's get to work.

NOTE NO. 1: Dr. Silverman issues his annual fall report on flu shots! This is the third year The Sun has offered flu shots to Sun staffers and almost everyone signs up. We think they help a lot. This year each gets two shots within a few days and then we're supposed to go back in January for a third. Our doctor is using some new goop this year that doesn't sting.

While playing doctor, I might as well report that the Silverman kids are soon to get their polio shots. At the end of the school term last spring our doctor advised us not to until later. Now, he says, is the time.

A wonderful project

NOTE NO. 2: Am happy to learn of the formation of the Juvenile Hall Auxiliary. Even with new quarters constructed several years ago, the County Juvenile Hall and its youth program have been a mess. Perhaps that description is too strong. But anyway a lot more could and should be done for the unfortunate kids, most of whom are not delinquents but are victims of broken homes and other sad circumstances.

Several years ago I suggested to the Walnut Creek Junior Women's Club that the Juvenile Hall would be a most worthwhile project. And the club did some fine work. The Crest View Women's Club of Pleasant Hill is now raising funds to buy a TV set. Orinda Junior Women's Club purchased a TV set for the Hall over a year ago.

These are just a few of the groups working on this worthwhile project. I wish I could name them all. It is an important venture and I wish the newly formed Auxiliary, composed of many groups throughout our area and the county, the greatest success.

This may cost you \$1

There are many big things and little things that need to be done. For example, today I heard that funds are needed to buy Halloween masks and things for the kids. You know how much Halloween means to your kids. But there simply is no source of money for this very small and unimportant thing.

The Sun is going to send a check for \$5 to the Auxiliary for this purpose. No one has asked me, nor do I have any authority to try to raise a few dollars for Halloween supplies. But would you like to help?

If you will send \$1—and no more, I am certain that a fun Halloween party can be given for the kids at Juvenile Hall. Send your check made out to the Juvenile Hall Auxiliary, in care of The Sun, and we will send them on.

Please do not send cash, but, if you do, put the \$1 in an envelope and enclose that envelope in another envelope addressed to The Sun. Mark the inside envelope "Juvenile Hall gift" and we will forward it.

Let's say \$1 is a maximum gift. Will you help?

Politics and litterbugs

NOTE NO. 3: Politics has been unusually quiet these past months, but I've heard two rumors about two Lafayette men. Louis Comstock is being urged to run for supervisor in District 2 against Jack Cummings next June. And Fred Braumoe, a state narcotics agent, is being pushed to run for sheriff in 1958. There seems to be some talk about the coming supervisorial race but I haven't heard anything concrete.

NOTE NO. 4: The California Highway Patrol is warning litterbugs that its officers soon will be writing tickets for highway trash dumping. The patrol and local law officials were empowered by a law, effective last month, to issue citations to people who toss out stuff on our roads and highways. Maybe this will help our area whose roads are too often a horrible sight.

Well, it's past time to go home and there are still Notes 5 through 10. Back into the asbestos file folder they go for next week. And that is all.
